

Year 3 learning from home

Dear parents/carers,

These activities are designed to keep children busy and enjoying learning, while providing flexibility for parents.

We realise that the family will need to share laptops or mobiles so only plan to do what you can. Everyone's homes are different so the activities we suggest are just a guide to help. We recognise that parents may be working, caring for sick family members or looking after little ones so choosing activities is up to you. We do not expect parents to be teachers and we are not going to be checking up to see how much work has been done!

The activities guide you and your child to be able to learn together or on their own.
