## Writing

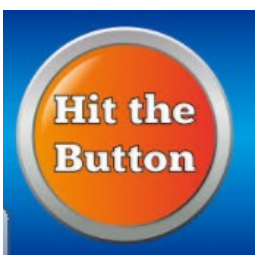

In writing, we have been reading and writing about Romeo and Juliet. We have just finished writing an extract about Mercutio being killed and Romeo being banished for killing Tybalt.

Imagine you are Lord or Lady Montague / Capulet. **Write a letter** to your opposing household asking to end the years long grudge, as there has been too much bloodshed in fair Verona.

You could include;

- How the grudge started in the first place
  - How you feel about the deaths
  - Why they should end the grudge
