

**30.04.26**

**Year 5**

1. Read your reading book for 30 minutes each night.
2. Practise your times tables for 10 minutes each night and complete your maths worksheet.
3. Practise your spellings.
4. If you can, play Times Table Rock Stars for about 10 minutes each night.

### **Speaking and listening**

In class, we have been developing our speaking and listening skills. For your homework, you must **prepare a presentation about your favourite subject, area of interest or a hobby.**

Consider how to add effect to your speech by varying the type and length of your sentences. It should be no longer than 2 minutes to say out loud.

Make sure to include personal notes to show where you will adapt your tone, pace and volume of your voice, for full effect.

You will be given the opportunity to practice and present your speech to small groups in a speaking and listening assembly!

**Homework is due on:  
05.05.26**
