The [Eco-committee](#) took part in a project with Camden Clean Air for Schools. They learned about the causes of air pollution and the impact on our breathing. They used air quality sensors to check the air and worked with a local artist, Jane Porter, to design artwork that will cover the new air quality sensor on Kilburn High Road. There is a brilliant video of them in action on our website. **Please watch it and enjoy their great work!** We also celebrated with CLEAN AIR DAY on Thursday. There was a bike workshop, fun with bubbles, quizzes and a chance to find out the connection between air quality and health. The children had a wonderful time.

### Y5 & Y6 Athletics

Well done to the children who took part in the athletics competition at the Parliament Hill Fields Athletics Track. They represented Kingsgate with pride and showed brilliant team spirit. A huge thank you to the parents and carers who were able to go along and support on the day.

### Holiday Activities and Food Programme – Summer 2025
